

Luis Miguel S. Vidal

(+63) 931 022 8903 | Dasmariñas City, Cavite | luis.vidal@gmail.com | linkedin.com/in/luis-vidal-38718331b

EDUCATION

De La Salle University – Dasmariñas | Dasmariñas City, Cavite

Graduation Date: June 2026

Bachelor of Science in Computer Science (Intelligent Systems)

GPA: 3.88/4.0 (*Summa Cum Laude*)

Dean's Lister – 8 consecutive semesters | DLSU-D Academic Scholar – 2 semesters

Technical Skills: Python | SQL | SQLite | JavaScript | HTML | CSS | Excel | Google Sheets | Power Query | Jupyter Notebook | Google Colab | Git | GitBash | Power BI | Tableau | Figma | pandas | numpy | NLP | Sentiment Analysis | Computer Vision

WORK EXPERIENCE

Revery Digitals Technologies Inc. | Makati, Philippines

Jun 2025 – Aug 2025

QA Intern

- Performed QA testing on production applications; logged defects, reproduced issues, and validated fixes to improve system reliability.
- Enhanced UI/UX of current company projects, making navigation easier for end users.

PROJECTS

Philippine Marine Litter Monitoring Data Dashboard | Power BI, Power Query, Data Transformation

March 2025

- Designed and developed the Philippine Marine Litter Monitoring Data Dashboard using Power BI, providing an interactive and data-driven approach to tracking marine litter trends.
- Implemented data cleaning and transformation techniques to ensure accuracy, consistency, and reliability of reports.
- Developed interactive visualizations, including geospatial maps, trend analysis, and category breakdowns, for a more comprehensive understanding of marine debris data.

Multimodal Mental Health Detection System | NLP, Computer Vision, Sentiment Analysis

May 2025

- Designed and developed a multimodal mental health detection system for social media, integrating Natural Language Processing (NLP), Computer Vision, and Sentiment Analysis to assess users' emotional states.
- Authored comprehensive system documentation, outlining functionality, use cases, ethical considerations, and future improvements.

Pocket Salon | Python, Tailwind CSS, Firebase, Computer Vision, API Integration

May 2025 – Dec 2025

- Contributed to the frontend development using Tailwind CSS, collaborating on the design of a clean, responsive user interface optimized for mobile users.
- Built the database schema and connected it to Firebase for storing images and important information from users.
- Built a Python backend and API pipeline for image preprocessing and structured feature extraction from user-submitted photos.

LEADERSHIP EXPERIENCE

DLSU-D College of Information and Computer Studies (CICSSG) | Dasmariñas, Philippines

2024 – 2025

Director of Audit

- Led financial audits and assessments to ensure transparency, accuracy, and compliance with university financial regulations.
- Collaborated with department heads to review financial reports, ensuring alignment with organizational goals and funding requirements.

DLSU-D College of Information and Computer Studies (CICSSG) | Dasmariñas, Philippines

2024 – 2025

Co-Head, Data Management Committee

- Assisted in leading the Data Management Committee, ensuring the accurate collection, organization, and maintenance of organizational data.
- Verified and cross-checked data for accuracy and consistency, ensuring reliability in reporting and decision-making.

DLSU-D College of Science and Computer Studies (CSCSSG) | Dasmariñas, Philippines

Data Management Committee

- Collected, organized, and maintained accurate records of organizational data, ensuring efficient data storage and retrieval.
- Verified and cross-checked data for accuracy and consistency, ensuring reliability in reporting and decision-making.
